

ALÇI LEVHA PROFİLLERİ
GYPSUM BOARD PROFILES

Alçı levha asma tavan ve bölme duvar sistemlerinde kullanılan taşıyıcı profiller köşe profilleri, özel detay profilleri ve aksesuarlarıdır. Proje detayına göre özel boy ve istenilen kesitlerde üretim yapılabilmektedir.

Drywall installation profiles (carriers, corners, detailings and accessories) are being used for gypsum board suspended ceilings and separation walls. They can be produced with required length and specific dimensions..
